

DETAILED PROGRAMME

LECTURES

Room: Pequeño Anfiteatro with English / Spanish simultaneous translation

08:30

WELCOME MESSAGE

Moderator: Mrs. Mirka Cikkelova, General Secretary of European Patient Safety Foundation

Speakers:

- **Mrs. Penilla Gunther**, President of European Patient Safety Foundation (Sweden)
- **Mrs. Inmaculada Mediavilla Herrera**, President of the Sociedad Española de Calidad Asistencial – SECA (Spain)
- **Dr. María Cruz Martín Delgado**, President of The Fundación Por La Investigación Docencia E Innovación En Seguridad Del Paciente – FIDISP, Hospital Universitario 12 Octubre, Madrid
- **Prof. José Joaquín Mira**, Foundation for the Promotion of Health and Biomedical Research of the Valencian Community – FISABIO (Spain)
- **Dr. Daniel Arnal**, Board Member of the Spanish Notification System for Safety in Anaesthesia and Resuscitation – SENSAR (Spain)

08:45

OPENING SPEECH

TBC, Spanish Ministry of Health (Spain)

09:00

DIGITAL INNOVATION

Enhancing Patient Safety through Digital Innovation: The Missing Links

Speaker: **William Monaghan**, Group Chief Digital Information Officer, University Hospitals of Leicester NHS Trust and University Hospitals of Northamptonshire, UK *

**with PPT Presentation*

09:30

HEALTHCARE WORKER WELLBEING AND SAFETY

How the fatigue and wellbeing of the healthcare professionals interact with the uptake and implementation of technologies?

- ✓ Patient safety risks associated with fatigue of the healthcare professionals
- ✓ Discussion of the impact of new technologies on workload and mental burden: risks and benefits
- ✓ Desire for technology innovation compared to healthcare professionals' needs and expectations for their work
- ✓ Possible ways to move forward

Moderator: **Mr. Peter Walsh**, Associate editor for the Journal of Patient Safety and Risk Management (UK)

Panel discussion:

- **Dr. Alvaro Cerame**, President of the European Junior Doctors – EJD (Spain)
- **Mrs. Marta Maroto**, Sociedad Española de Calidad Asistencial – SECA, Spain
- **Prof. José Joaquín Mira**, Foundation for the Promotion of Health and Biomedical Research of the Valencian Community - Fisabio, Spain
- **William Monaghan**, Group Chief Digital Information Officer, University Hospitals of Leicester NHS Trust and University Hospitals of Northamptonshire, UK
- **Mr. Pedro Viera Dos Santos**, EUPSF Vice-President, Medtronic (Portugal)

10:30

COFFEE BREAK

11:00

BUTTERFLY IMPACT AWARD IN PATIENT SAFETY

Moderator: Mrs. Penilla Gunther, President of European Patient Safety Foundation (Sweden)

Speakers: TBC* , 3 best scored project applications.

**with PPT presentation*

11:30

TRAINING AND SIMULATION

Using innovative technology to empower caregivers and patients to improve patient safety and outcomes

- ✓ Improvements, but also the additional risks that technology used for training purposes can bring in terms of patient safety and outcomes
- ✓ Barriers and enablers to the use of technology (simulation equipment and software, video platform, virtual reality) in HCP training programmes or patient preparation procedures
- ✓ Steps that need to be taken at each level (policy, hospital administration, health professional, etc.) to move forward and optimise the use of technology (incentives, precautions, conditions of implementation)

Moderator: **Ms. Kira Tosberg**, EUPSF Board Member, German Coalition for Patient Safety (APS)

Speaker: **Dr. Georges Romero**, Director of Risk Management, Relyens*

**with PPT presentation*

Panel discussion:

- **Dr. Carolina Mudarra Reche**, Hospital Universitario 12 Octubre, Madrid (Spain)
- **Dr. José Ferrer Costa**, Badalona Serveis Assistencials (Spain)
- **Dr. Juan Antonio Marques**, Hospital Universitario y Deptº de salud de San Juan-Alicante (Spain)
- **Dr. Pedro Cartaxo Cintra**; Society for Simulation in Europe – SESAM (Spain)
- **Dr. Georges Romero**, Director of Risk Management, Relyens (France)

12:45

LUNCH BREAK

13:45

TELEMEDICINE

Advancing patient safety through Telemedicine

- ✓ Telemedicine's safety improvements and potential risks in patient care
- ✓ Adoption barriers and facilitators for telemedicine use
- ✓ Policies, management strategies, and professional training needed for telemedicine

Moderator: **Dr. Fernando S. Cassinello**, Hospital Universitario Nuestra Señora de Candelaria, Santa Cruz de Tenerife (Spain)

Panel discussion:

- **Dr. Michael Wagner**, EUPSF Board Member, Medical University Vienna (Austria)
- **Mrs. Viktória Ďurajová**, Hospital F.D. Roosevelta Banska Bystrica (Slovakia)
- **Mr. Ignacio Boj Albarracin**, FIDISP; MBE Legal (Spain)
- *Patient representative (TBC)*
- *Industry representative (TBC)*

14:45

MEDICATION SAFETY

Reducing medication errors with digital management and support systems

- ✓ Improvements in medication safety and potential new risks introduced by digital management systems
- ✓ Barriers and facilitators for adopting digital support systems
- ✓ Policies, management strategies, and training required for effective implementation of digital medication management systems

Moderator: **Dr. Rob Neeter**, EUPSF Individual Affiliate (The Netherlands)

Panel discussion:

- **Dr. María Cruz Martín Delgado**, President of The Fundación Por La Investigación Docencia E Innovación En Seguridad Del Paciente – FIDISP, Hospital Universitario 12 Octubre, Madrid
- **Prof. Arvid Haugen**, Haukeland University Hospital, Bergen (Norway)
- **Mr. Andoni Lorenzo Garmendia**, Foro Español de Pacientes (Spain)
- **Ms. Eleonora Varntoumian**, European Health Management Association – EHMA, (Belgium)
- **Mr. Jose Luis Gomez**, EUPSF Board Member, Becton Dickinson (Spain)

15:45

COFFEE BREAK

16:15

CONTINUITY OF CARE

Improving patient safety and outcomes in the continuity of care with the help of digital technologies based on AI-derived algorithms

- ✓ Detail and exemplify the Patient Safety benefits but also the additional risks the technology can bring in the continuity of care
- ✓ Identify the barriers, facilitators and cultural challenges that need to be overcome for the use of technology.
- ✓ Discuss the conditions for efficient implementation and safe use of the new technologies

Moderator: **Dr. Daniel Arnal**, Board Member of the Spanish Notification System for Safety in Anaesthesia and Resuscitation – SENSAR (Spain)*

**with PPT presentation*

Panel discussion:

- **Dr. Eske Kvanner Aasvang**, Copenhagen University (Denmark)
- **Dr. Oscar Díaz Cambroner**, IIS La Fe – Instituto de Investigación Sanitaria La Fe (Spain)
- **Mrs. Jolanta Bilinska**, World Patients Alliance (Poland)
- **TBC**, Masimo

17:15

MOVING FORWARD

Achieving technological potential to improve patient safety and outcomes: Paving the way for the future

Moderator: **TBC**

Panel discussion:

- **Mrs. Penilla Gunther**, EUPSF President and founder of FOKUS Patient (Sweden)
- **Dr. Adriano Friganovic**, EUPSF Board Member and President of ESNO (Croatia)
- **Mrs. Inmaculada Mediavilla Herrera**, President of the Sociedad Española de Calidad Asistencial – SECA (Spain)
- **Mr. Kristian Michnacs**, Senior Director Market Access EMEA, Edwards Lifesciences (Germany)

17:55

CLOSING AND THANK YOU

Mrs. Mirka Cikkelova, General Secretary of European Patient Safety Foundation

WORKSHOPS

Room: Aula Severo Ochoa

13:30 -15:45

Fighting fatigue together

13:30 – 14:00

Part I: Impact of Fatigue on healthcare professional's wellbeing and on patient safety

- ✓ Understand the Impact of Fatigue: Recognize how fatigue affects healthcare professionals and patient safety.
- ✓ Link Fatigue to Errors: Understand the connection between fatigue and the likelihood of errors and adverse events.

14:00 – 14:45

Part II: From national to European campaign

- ✓ Presentation of the European campaign and resources for a national campaign
- ✓ Development of a national strategy based on pre-developed tools and adapted to national needs and resources
- ✓ From strategy to action – exchange of experiences from national teams
- ✓ How to organise the work within the national teams: priorities, repartition of work, planning.

14:45 WORKSHOP

14:45 – 15:15

Part III: Tips & tricks to manage your own fatigue

- ✓ Why we need sleep – clinical aspects of sleep and diseases affected by chronic sleep deprivation
- ✓ Expert advice and practical tips for better fatigue management

15:15 – 15:30

Discussion

Moderator: **Mr. Alex Rawlings**, Patient Safety Advocate, UK

Speakers:

- **Dr. Nancy Redfern**, EUPSF Advisory Board Member, UK Joint Fatigue Group co-chair (UK)
- **Dr. Emma Plunkett**, UK Joint Fatigue Group co-chair, Association of Anaesthetists (UK)
- **María Purificación Ballester Navarro**, FISABIO; Catholic University of Murcia, Spain (Spain)
- *National FFT campaign representatives (TBC)*

16:00 -17:00

Nurses Advancing Innovation for Enhanced Patient Safety Across Europe

The workshop aims to gather insights from nurses and representative of nurses organisations on the resources needed to foster innovation in patient safety, encourage collaboration among peers across Europe, and identify how to better support nurses in leading innovative safety improvements within their work environments.

Detailed programme TBC

WORKSHOPS

Room: Aula Teófilo Hernando

13:30 -15:00

How to get the full potential of a technology to improve patient safety?

Key points for a coherent investment and successful implementation.

- ✓ Anticipating implementation right from the choice of technology
- ✓ Deconstruct the illusion of easy solutions and put people back at the center. Internal criteria & external criteria for choosing the technology, who to involve in the decision-making
- ✓ Managing the implementation as a specific and challenging project for the organisation

Moderator: **Mr. Stéphane Boulanger**, European Patient Safety Foundation, Belgium

15:15 -15:45

BUTTERFLY IMPACT AWARD IN PATIENT SAFETY – WINNER SESSION

Moderator & speaker: **TBC**

16:15 -17:00

Mobilizing Patient Safety Stakeholders Across Europe: Collaborative Solutions to key Patient Safety Initiatives

Moderator: **Mr. Stéphane Boulanger**, European Patient Safety Foundation, Belgium

Detailed programme TBC
