

Ms. Esther Espuñes Mestres (Spain)

President, European Operating Room Nurses Association (EORNA)

Esther Espuñes Mestres is a perioperative nurse with 29 years of clinical, academic and research experience, combining extensive expertise in perioperative practice, education, research and professional leadership. She holds a PhD in Health Sciences and master's degrees in Research and Innovation, Health Management and Surgical Nursing, and is strongly committed to advancing evidence-based perioperative care, nursing practice and professional excellence.

A university professor and researcher, she has extensive leadership experience in the European Operating Room Nurses Association (EORNA), which she serves as President for the 2026–2028 term.

She is a Board member of the International Federation of

Perioperative Nurses (IFPN) and of the Spanish Association of Perioperative Nurses (AEEQ), and a member of the Global Relations Committee of the Association of periOperative Registered Nurses (AORN) in the United States. She is an internationally recognised speaker at leading perioperative nursing conferences worldwide.
